MAP Bulletin # 99

October 6, 2021

Dear MAP members,

How are you doing? That's a common question nowadays and one that MAP wants to focus on during the pandemic and the unrest caused by overt and covert racism – providing support through online MAP meetings. We will keep you up to date with any changes to refugee claimant services as they happen - and ask if you have information that you would like to share with MAP that you let us know at info@mapbc.org.

MAP NEWS

MAP Executive sent Richard off in style to England:

It was great to meet up 'in person' for dinner and to wish Richard well and thank him for the many contributions he has made to MAP.

Jenny Moss will be in UK for the next 3 weeks – answering emails, but perhaps slowly! Thank you for your patience and see you at MAP on October 28.

Thank you for all you are doing to support vulnerable refugee claimants - especially during these unprecedented times. Stay safe and well - and let's not let social distancing be a barrier to the folks we serve.

Jenny Lam, Thanh Lam - and the other Jenny!

Please share this information within your networks.

IRCC is pleased to announce the launch of the Canadian Refugee Protection Portal (CRPP).

Beginning October 6, 2021, persons in Canada wishing to make a claim for refugee protection (with or without the assistance of a representative) can create a secure CRPP account, complete a questionnaire and submit supporting documents, including their completed basis of claim form, online.

After October 6th, the CRPP will be the primary means of submitting a claim. **No new claims** for refugee protection via email or Connect will be possible after that date.

Individuals who have already made a claim via email or started the process of making a claim for refugee protection via Connect do not need to resubmit their documents through the CRPP. They can continue using Connect to submit required documentation.

All persons wishing to make a claim for refugee protection can use the CRPP to start the process for themselves and their in-Canada dependants. Persons can also authorize a legal representative to create an account (in the claimant's name) and submit a claim, on their behalf. The representative and the claimant must complete the declaration found on our website and add it to the "Additional Documents" section of the upload documents page. The portal can also be used by claimants furthered inland from a port of entry, using the application number found on the acknowledgement of claim document provided by Canada Border Services Agency.

The CRPP improves client service and increases the efficiency of refugee claim processing in Canada, focusing on refugee intake, by allowing claimants to submit their claim online.

The CRPP also ensures that clients submit complete information, which reduces correspondence between the department and clients and allows IRCC to make faster eligibility decisions.

Clients can also receive correspondence through the CRPP, such as a request to attend a refugee claim interview with an officer in one of our refugee intake offices in Canada, or immigration medical examination (IME) instructions.

IRCC staff will be able to use the portal to contact applicants to request additional information or to clarify potential errors. New claimants will then be scheduled for an appointment at their nearest office to provide fingerprints, attend an interview and receive the refugee protection claimant document.

The CRPP will be a big change for clients and counsel; however, it is necessary in order to address the large percentage of incomplete claims IRCC receives. Our expectation is that the portal should assist in reducing processing times for eligibility decisions, which also means more timely referral of refugee claims to the IRB and work permit issuance.

While the current [public policy](#) is in place, IRCC will continue to issue an acknowledgement of claim document after receipt of a complete e-application and supporting documentation, and verification of their completeness. This document provides Interim Federal Health Program coverage.

Should accommodation be required due to disability or on other grounds, IRCC will review each request on a case-by-case basis. For further information and instructions on this new initiative, please check [IRCC's website](#).

AFGHANISTAN UPDATES

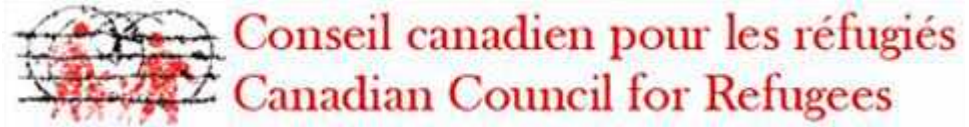

NEWS FROM FROGHOLLOW NEIGHBOURHOOD HOUSE:

Parvin Fatemi has joined Frog Hollow last week and will be available to provide **settlement support in Dari to refugees arriving from Afghanistan.**

Parvin works full time and can be reached at parvin@froghollow.bc.ca. We hope to acquire a program cell phone for her soon.

#EVERY SHOT MATTERS VACCINATION CAMPAIGN – OPTIONS COMMUNITY SERVICES (Multilingual posters attached)

Options Community Services is pleased to share our **#Every Shot Matters** vaccination campaign materials.

The purpose of the campaign is to dispel misinformation and to help increase vaccine confidence through language-specific, culturally-sensitive messaging which targets underserved / disproportionately impacted newcomer communities, in particular Arabic, Spanish and Somali communities in the Fraser Health Region.

Your support will play a huge role in protecting our community, friends, family and loved ones by sharing the [#EveryShot Matters campaign promotional materials](#) and videos with your clients, friends, families, next door neighbors, colleagues and social networks. Thank you for helping increase vaccine uptake and keeping everyone safe!!

Attached are a few sample posters, you can find more via the Google Drive links below.

BC4Afghans is a phenomenal organization that has quickly mobilized to support Afghan newcomers here in BC.

BC4Afghans is looking for a **volunteer Logistics Coordinator** that will report to the Volunteer Coordinator. The description of the volunteer position is attached. Interested candidates can email bc4afghans@gmail.com. At a high-level, the Logistics Coordinator will essentially help search for specific items for the Afghan newcomers. The Logistics Coordinator will then use a roster of volunteer drivers to organize the pick-up and delivery of those items to a designated donation centre.

We are also looking for a safe space (i.e. a warehouse, general facility, or garage, etc.) to store and distribute donations that have been collected for the Afghan newcomers. I am looking for a location that can be easily accessible by a select group of volunteers at any time. A location in Surrey would be ideal, but a location in Vancouver or Richmond would be great. BC4Afghans is also in need of volunteers to help the Afghan newcomers (e.g., drive them to appointments, etc.

Circles of Care and Connection Early Years Refugee Program

Help us to make a difference in the lives of newly arrived refugee children and their families in Vancouver and North Vancouver

The **Circles of Care and Connection** is a unique, FREE program which offers home visiting services to the most marginalized refugee families with children ages zero to six years old.

Eligible Families for the Home Visiting Program include:

- Government Assisted Refugees
- Sponsored Refugees (privately and/or jointly sponsored)
- Accepted refugee claimants
- Our services focus on:
 - Early Childhood Development
 - Positive Parenting in a Canadian Context
 - Preschool and Kindergarten Readiness
 - Identifying basic needs of children and family, and bridging them to local, community services
 - Assisting parents with stress management and negotiating government programs
- Being part of our Home Visiting/Outreach Program, families will have the opportunity to participate in:
 - Welcome to Canada and Family Drop-In Program
 - Community Outings
 - Yearly Special Event Celebrations
 - Parent Education and Specialized Workshops

Our home visiting service makes significant changes in refugee children's lives and the lives of their parents. We see the children get healthier, happier and better prepared for school. Additionally, we witness the gradual improvement and adjustment of the families to Canadian culture. In this sense, our program is preventative and helps to improve the quality of life for refugee children and their families settled in Vancouver and North Vancouver.

For more information or to request a referral form, please contact the Program Manager, Theresa Tang at theresa.mpfc@gmail.com or 778-372-6552.

Burnaby Neighbourhood House is a community driven and community funded agency located on the unceded territories of the Tseil Waututh (salilwataḥ), Kwikwetem (k'w'k'w'etəm), Squamish (Sgwgwəʔmsh (xwmxw) and Musqueam (məlk'wəyəm) nations with a unique focus on neighbours supporting neighbours.

This Fall, PeaceGeeks' #Giveitup4Peace fundraising campaign is giving back to the community. We're partnering with tech companies like Microsoft, Unbounce, Traction on Demand, Eastside Games to engage their employees to meet with newcomers. In addition to making a donation to help sustain PeaceGeeks' work building digital tools for newcomers, employees at these companies will become virtual neighbours and participate in a 1-time, 1-hour, 1-on-1 video chat with a newcomer!

PeaceGeeks will take care of matching newcomers to a virtual neighbour and provide multilingual conversation prompts to help prepare newcomers for the chat, whether it's about careers, life in Canada, or just chatting to practice English. We are asking community partners like you to pass along this opportunity to the newcomers you work with, of any immigration status. For your convenience, here's a blurb with the website for the bulletin:

Interested in making connections with a virtual neighbour? Sign up for PeaceGeeks' #GiveitUp4Peace campaign and get matched with an employee from one of many local companies like Microsoft, Unbounce, Traction on Demand, and Eastside Games. In just a one hour 1-on-1 video call, you'll be able to learn tips about your new community, practice English, gain career insights, or share your story. Any immigration status is welcome. Learn more and sign up at:
