*Working Together for Refugee Claimants*

# MAP Member Agency News

MAP Bulletin # 38  
December 12, 2023

**Dear MAP members,**

*How are you doing?* We will keep you up to date with any changes to refugee claimant services as they happen - and if you have information that you would like to share with MAP please email [info@mapbc.org](mailto:info@mapbc.org).

---

## **MAP NEWS! (PART 1)**

During our October 26th meeting, the MAP Advisory Council proposed new Mission and Vision Statements for MAP. The Mission Statement was approved by the attending members, however, the proposed Vision Statement was not approved. Instead, the attending members provided feedback to help the Advisory Council in crafting a new Vision Statement.

A new draft Vision Statement was presented at the MAP meeting on November 23rd, and we would now like to ask for your input so the Advisory Council can take your feedback into account to finalize this process.

### **Draft MAP Vision Statement for your review and input presented on November 23:**

**A connected community of boundless welcome achieving dignity, equity, and belonging with and for refugee claimants.**

The Advisory Council, with co-chairs will finalize a version based on your input.

*Thank you for all you are doing to support vulnerable refugee claimants*  
*Sara Lopez, Sireen El Nashar and Katya Avalos, MAP Executive*

**Dear MAP members,**

*How are you doing?* We will keep you up to date with any changes to refugee claimant services as they happen - and if you have information that you would like to share with MAP please email [info@mapbc.org](mailto:info@mapbc.org).

---

## **MAP NEWS! (PART 2)**

The finalized Vision Statement will be voted on by MAP members at the 25 January 2024 MAP meeting.

### **What is a Vision Statement?**

- a description of the world as it would exist if the organization succeeds in achieving its grandest aspirations
- a short (i.e., one sentence), inspiring, memorable statement able to remain unchanged for 100 years

**Here – for reference – is MAP’s Mission (approved 26 October 2023)**

**MAP brings together community members and agencies to foster collaboration and action for the well-being of refugee claimants.**

Please provide your feedback and input into the draft Vision Statement above by **15 January 2024** by emailing Katya at [info@mapbc.org](mailto:info@mapbc.org).

We thank you in advance for your valuable consideration and input!

*Thank you for all you are doing to support vulnerable refugee claimants*  
*Sara Lopez, Sireen El Nashar and Katya Avalos, MAP Executive*

Dear MAP members, for those of you have family or know Canadian citizen and permanent resident clients who have family in Gaza, please read this message from **The Gaza Family Reunification Project**:

**NOTE: The Gaza Family Reunification Project is an ad-hoc collective of Canadian immigration and refugee lawyers. Nothing in this message should be considered legal advice. For legal advice, please consult directly with a lawyer.**

Greetings,

I write tonight on behalf of an ad-hoc group of Canadian immigration and refugee lawyers calling themselves the Gaza Family Reunification Project (GFRP). If you are receiving this email, it is likely because you have communicated with me in some manner over the last several weeks about the grievous failure of the Canadian government to create a robust policy for evacuating Canadians' loved ones from Gaza and bringing them to safety with their families in Canada. Many of you have family in Gaza yourselves.

As you likely know, there is currently no special immigration pathway for Gazans to come to Canada -- and while we would certainly welcome it if it comes, we cannot simply wait. For that reason, **we are encouraging everyone who wants to bring their loved ones from Gaza to Canada to submit an application to IRCC on their behalf for a Temporary Resident Visa (TRV)**, which is the process that was available to visitors from Gaza (and from most of the world) before the current war. Our hope is that (1) by submitting this application now, family members will be best positioned to receive immediate processing when and if a new policy is implemented; and (2) tracking these applications will allow us to advocate more effectively, both individually and collectively, for swift action.

Page 1 of 3 →

Recognizing that many people with family in Gaza cannot afford to hire a lawyer or consultant under the circumstances, GFRP has put together a self-help application guide to reduce the barriers to submitting TRV applications. The guide can be found [at this link](#), along with templates for documents that you may need to submit along with the application.

**Please consider distributing these resources widely within your networks.**

We are also asking that those who use the guide to submit TRV applications, as well as those who have already submitted applications, fill out [this survey](#) so that we can keep track of how many applications of this nature are in process and potentially use the data in future advocacy initiatives. We are committed to keeping your identifying information confidential.

Please also keep an eye out for an open letter from PGWP to the officials who have authority to implement a policy. The letter will be published in the coming days, and open for signature by the general public.

### **Why Are We Suggesting You Submit TRV Applications?**

We are encouraging Canadian citizens and permanent residents with family members in Gaza to help their family members submit applications for temporary resident visas for the following reasons:

1) This is the only existing immigration application that would allow most applicants to receive authorization to

travel to Canada. We hope that these visas are issued and that people are allowed to leave Gaza and reach safety.

2) So that family members not currently eligible for evacuation can be tracked and assigned file numbers for advocacy purposes. We urge you to share your application information with our team to strengthen our advocacy efforts. We would like to be able to identify how many families are stuck in Gaza when speaking to the government and policymakers. Your application and participation in our online survey will assist in gathering information on all the family members that are affected in Gaza to continue to push the government to reunify families in Canada.

3) An existing application is a good starting point to contact your Member of Parliament (MP) for support and continued advocacy for the creation of a pathway.

4) If and when Canada expands its eligibility criteria, these family members will already have active applications in the system that can be identified and flagged to decision-makers.

**NOTE: The Gaza Family Reunification Project is an ad-hoc collective of Canadian immigration and refugee lawyers. Nothing in this message should be considered legal advice. For legal advice, please consult directly with a lawyer.**

# DIA INTERNACIONAL DEL TRABAJADOR MIGRANTE

**Horario:** 2-6 PM

**Ubicación:** 13512 108 Ave. Surrey

(5 min caminando de gateway skytrain station)

**Fecha:** Diciembre 17, 2023

## Christmas for Little Francophone Elves

Join us for a magical Christmas celebration at the **Sapperton Community Hall on December 16, 2023 from 2-5 pm!**

Santa and his happy elves will make a special appearance to spread holiday cheer and hand out gifts. Get ready to capture those precious moments with Santa and create lasting memories.

For little ones, there will be a variety of activities, ensuring that children will have a fantastic time.

Don't miss this festive family event! Bring your children, friends and family to enjoy an afternoon of joy, laughter and Christmas spirit in French. Mark the date in your calendar and register today.

Should you have any questions regarding the event, please feel free to contact Ian at [ian.irabaganje@lerelaiscb.ca](mailto:ian.irabaganje@lerelaiscb.ca).

We can't wait to celebrate with you!

International Rehabilitation  
Council for Torture Victims

IRCT's Global Standards on Rehabilitation (GSR) are the world's first comprehensive set of internationally agreed **best-practice standards** aimed at ensuring survivors of torture can receive the best possible **rehabilitation** wherever they are.

The GSR were adopted unanimously by IRCT's General Assembly in October 2020 following a **four-year consultation** in which more than 90% of all members contributed to their development. They represent a statement of **collective wisdom** and **universal applicability** from the world's largest reservoir of experience in the field of torture rehabilitation, and are thus an integral component of the IRCT's work going forward.

The IRCT has a short online course in the Global Standards for Rehabilitation in order to provide services for survivors. This training is open to everyone; in addition, there is more free training in FABO.

**Are your clients facing barriers to getting their immunizations this winter? Denise Thandi from Fraser Health has offered to partner with our member agencies to provide on-site immunizations for your clients:**

The Fraser Health Regional Immunization Team is available to provide influenza, COVID, and for those eligible, Pneumovax immunizations to the clients within your programs that may face barriers to accessing these immunizations at pharmacies and/or local Public Health units. We can provide these immunizations on site without your clients needing to make an appointment. All that we ask is that you have a space (lobby, dining room, ect), 1-2 tables and a few chairs available. We would also request that 1-2 staff members be in attendance to assist with the post immunization monitoring.

We provide these immunizations to anyone 6-month-old and older.

If you would like the Regional Immunization Team to host an immunization clinic at your site, please feel free to contact me by email or phone and we can organize a date and time.

If, after December, your clients also require any catch up with other publicly funded immunizations, we would be happy to come back and provide those as well.

I am happy to answer any further question you may have.
