MAP NEWS! CALL FOR DONATIONS FOR THE BC IMMIGRATION DETENTION CENTRE'S COMMUNITY GARDEN

MAP BC is supporting the initiative to start a community garden for individuals being detained at the BC Immigration Holding Centre (BCIHC) in Surrey.

Gardening has great therapeutic value and is a way to feel connected to the earth. The BCIHC has a small outdoor area but no green spaces. Immigration detention can be lengthy, many are held for several months. Can you imagine being an immigrant detained and not knowing when you'll be able to touch grass again? Starting a garden will be a great way to support the mental health and well being of those at the BCIHC.

We are looking for **donations** of items like soil, plants and plastic gardening tools. If you would like to make a donation or you know of an organization or individual who would like to make a donation to buy this items, please contact Katya at info@mapbc.org.

*Thank you for all you are doing to support vulnerable refugee claimants

MAP BC ONLINE EVENT: Conversation with a refugee lawyer

Join us for a conversation with a refugee lawyer!

Refugee claimants are often overwhelmed when facing the uncertainties of the refugee determination system. Most Legal Aid lawyers who represent refugee claimants are constrained by limited hours and do not have the time to orient their clients on the legal process they face.

Refugee lawyer Kirk Olearnek goes the extra mile, sitting down with his clients to explain the details of the refugee claim process and inform them on what makes a refugee claim successful. During this online session, Kirk will share his insights and talk to us as if we were his own clients. Join us for this event and learn what makes a successful claim, common misconceptions about the refugee claim process, and what your refugee claimant clients can expect during their refugee hearing with the IRB.

Kirk Olearnek graduated UBC law in 1995 and has been practicing refugee law for 28 years. He works with refugee claimants from all over the world and is a popular Legal Aid lawyer.

BC Refugee Hub & AMSSA Webinar: Integrating Trauma Informed Practice into Front Line Services for Newcomers

🕒 February 15, 2024

On January 25, 2024, AMSSA and the BC Refugee Hub have partnered to present a webinar for professionals from various fields to better support and integrate trauma-informed practices into their work while serving newcomer populations.

In this informative webinar on the topic of “Integrating Trauma Informed Practice into Front Line Services for Newcomers,” the webinar was hosted by ISSofBC’s BC Refugee Hub in collaboration with AMSSA’s BC Refugee Resource Network. During this session, we explored the essential elements of Trauma Informed Practice, offering a brief introduction to this approach. Our expert speaker provided practical insights on how to incorporate trauma-informed practices into the daily work of front-line workers and other community stakeholders, especially when supporting newcomers and refugees. We emphasized the hands-on “practice” of trauma-informed care, providing tangible recommendations for organizations, front-line workers, and stakeholders, and shared case studies of successful implementation. The goal was to equip professionals from various fields, including settlement services, healthcare, education, and more, with practical information to better support and integrate trauma-informed practices into their work while serving newcomer populations. Following the presentation, we had plenty of time for a Q&A session. Speaker: Farah Kotadia, MBA, CPHR, MACP

Canada is making great strides towards a universal childcare system, and PIRS has been at the forefront of ensuring that immigrant and refugee women have a voice in shaping it. On April 19th, PIRS Executive Director Mariam Bouchoutrouch and Childcare Leadership Group participant and Early Childhood Educator Regine Lijuan Zhang delivered a compelling presentation at the World Forum on Early Care and Education, further amplifying these vital voices.

This work is part of the [Building a Childcare System that Works for Immigrant and Refugee Women](#) project, funded by Women and Gender Equality Canada, that PIRS has led for the past 2.5 years. As the project nears its end, we are excited to share two powerful resources developed by our Childcare Leadership Group: [Through the Lens: A Photographic Exploration of Exclusion, Inclusion, and Belonging in the Childcare System](#) is now available online!
